Launching a consultant landing page

By providing a consultant landing page, Dr. Rath Health Programs B.V. allows you to run a personalised site in our web shop. As a part of this offer, your name, your photo, your email address, and the phone number you use for your consultant work, will be published on the internet. We will give you an individual web link to promote your site.

If you wish to take advantage of our offer to provide a consultant landing page, please fill in all the fields below.

Consultant number: _____

First name and surname: _____

Email address: _____

Phone number: _____

Please note that the details above will also be used for your existing customer account. If the contact details you supply differ from the ones used for signing up for your customer account, the customer account details will be updated accordingly. Please note that this update (e.g. stating a different email address) will result in a change to the login for our web shop and your customer account.

In addition, please send us a photo (JPG, 800 x 800 pixels) to info@rath-programs.com. We can provide the landing page without a photo, but using one is, of course, more appealing. Use of a personal landing page is not mandatory. However, if you opt for one, you must supply us with the above-mentioned details and agree to the relevant data processing¹).

Please note that the Dr. Rath Health Programs B.V. data protection notice applies to the landing page. However, if customers contact you directly, you must ensure compliance with data protection requirements.

As an additional service to consultants using the landing page, we offer a newsletter with information about the landing page and your consulting work. Please be aware that you will only receive this newsletter when you use the landing page.

For your agreement please see overleaf.
